

April 2014

Dear Community Member:

Do you or someone you know own a home in need of repairs? Considering a new heating system because of high fuel costs? Looking to replace your old windows with energy efficient windows? Is your home in need of any residential energy efficiency improvements? USDA Rural Development may be able to help.

The USDA Rural Development 504 Loan/Grant program provides help to very-low income owner occupants of modest single family homes in need of repair that are located in rural areas.

Some examples of repairs that could be provided are: ramps for accessibility, roof replacement, septic system repairs, drilling of a well, insulation, furnaces, handrails, etc.

USDA Rural Development staff is available to speak to your group on the 504 Loan/Grant program and answer any questions they may have. Please contact us at (518) 295-8600 ext. 4 for more information or to schedule a date for us to speak to your group.

Sincerely,

/s/ Jeffrey S. Archer
