Deputy Supervisor Carr called the meeting to order at 7:40 P.M. There two people attended.

The board reviewed the preliminary budget to ensure that the numbers were what as agreed upon in the previous work sessions. They found that they agreed; this would be the budget presented for the public hearing scheduled for October 30, 2003.

The board discussed the concern over the increasing rise in health insurance. Mrs. Moore shared with the board what her preliminary findings have been in researching additional options. The options range from changing our current policy to changing our insurance provider. As there is still additional information coming in, the process is not cut, and dry it was determined that a work session will be necessary to review the information. The date will be set once the board is notified that the pending information has been received.

The meeting was adjourned at 9 p.m.
